***Ringer Program**: The Ringer Tournament results in a player's ultimate round, which is the player's best shot on each hole on the front nine and the back nine over the duration of the tournament (January to early December). The player's Ringer score for each hole never increases; it either remains the same or decreases round after round. **Visit the "Ringers" link under League Information.**

We would like for everyone to become involved in the activities of our Niners golfing community. Please take a look at the list of committees below and find (at least) one committee where you feel you would like to serve. Please contact a Board Member for more details.
